Educational and Training Resources

EPSDT and Pediatric Coding Training

TNAAP offers **free** EPSDT and Coding training that can be provided regionally or at individual practices. Trainings can be selected from the modules detailed below. Customized topic-specific sessions are also available. In addition, TNAAP offers **complimentary** chart reviews to ensure proper documentation and coding for EPSDT, Evaluation and Management and other services with **free** follow-up training!

Presentation/Training Modules

Module #1 1 Hour

Topics: EPSDT Overview
 EPSDT Components
 EPSDT Required Documentation
 EPSDT Reimbursement
 Key EPSDT Codes
 Developmental/Behavioral Screening

Module #2 1.5 Hour

Topics: EPSDT Overview
 EPSDT Components
 EPSDT Required Documentation
 EPSDT Reimbursement
 Key EPSDT Codes
 Developmental/Behavioral Screening
 Current CPT Coding Updates
 Current ICD-9 Coding Updates
 CPT Modifiers

Module #3 2 Hour

Topics: Principles of Documentation
 Benefits of Thorough Documentation
 E/M Components
 E/M Required Documentation
 Time-based Coding
 Preventive Medicine/EPSDT
 CPT Modifiers
 Getting to Level 99214/99215

Module #4 2 Hour

- Topics:
- EPSDT Overview and Components
 - EPSDT Required Documentation
 - EPSDT Reimbursement
 - Key EPSDT Codes
 - New vs. Established Patient
 - Developmental/Behavioral Screening
 - Immunizations/Vaccines
 - Getting to Level 99214/99215
 - Current CPT Coding Updates
 - Current ICD-9 Coding Updates
 - CPT Modifiers

Customized Modules Time TBD

Practices may customize their own list of topics (mix topics offered in the other modules) or choose from the topics listed below:

Topics:

- | | |
|---|---------------------------------------|
| Sports Physicals | Coding for Psych/Behavioral Disorders |
| Vaccines/Immunizations | Office Procedures for EPSDT screens |
| Prolonged Service, Holiday/Weekend Hours | Hydration |
| Consultations | Hospital and Observation Coding |
| Critical Care | Coding for Asthma |
| Coding for Obesity | Strapping/Splinting |
| Fractures | Sutures |
| Foreign Body Removal | Coding for ADD/ADHD |
| Determining Level of Service | OIG Risk Areas |
| National Correct Coding Initiative (NCCI) | NCQA Guidelines |

Chart Review - EPSDT Time TBD

TNAAP staff provides **complimentary** chart reviews of EPSDT visits to ensure medical record documentation meets the audit criteria for the seven EPSDT Components and documentation requirements. Includes an exit conference with physicians to discuss findings and recommendations. **Free** follow-up training is offered if needed.

Chart Review - Pediatric Coding Time TBD

TNAAP staff provides **complimentary** chart reviews of Evaluation and Management services and procedures to ensure medical record documentation meets the criteria for Documentation Guidelines for Evaluation and Management services and CPT guidelines for procedural coding. Includes an exit conference with physicians to discuss findings and recommendations. **Free** follow-up training is offered if needed.
