

## Behavioral Health in Pediatrics (BeHiP) Online Training Modules

### Behavioral Health Project:

For providers who do **not** attend an in-person Regional BeHiP training, the following modules must be completed:

- BeHiP I - Module 1: Introduction to Behavioral Health in Pediatrics
- BeHiP II - Module 8: Coding and Workflow

All providers must select **at least one (1)** of the following BeHiP I modules to view based on the area of behavioral health of which the practice would like to focus:

- Module 4: Inattention
- Module 5: Anxiety
- Module 6: Depression
