Student-Alumni Center (SAC)  
800 Madison Avenue  
Memphis, TN 38163  
1st floor, enter off Madison.  
Free parking will be available nearby on campus.

### **COURSE DIRECTOR:**

Toni Whitaker, MD, UT Boling Center LEND Director,  
Interim Division Chief of Developmental Pediatrics,  
University of Tennessee Health Science Center

### **DESCRIPTION**

Twenty-five percent of outpatient pediatric visits are for developmental or behavioral concerns. For example, 1 in 68 children have an autism spectrum disorder and up to 17 percent of children have a developmental disability or behavior concern. Although developmental disabilities are common, the needs of these children can be complex.

This conference will use an interprofessional approach to identifying and managing developmental delay, autism spectrum disorder, intellectual disability, and behavior problems. We will also discuss the causes for intellectual and developmental disabilities, including congenital Zika. Patient- and family-centered care and web-based resources will be emphasized. CME credits are available for physicians.

### **CONTINUING MEDICAL EDUCATION (CME) CREDIT**

The University of Tennessee College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Tennessee College of Medicine designates this live activity for a maximum of 8 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
